## REPORT OF SCHOOL BOARD.

*To the Citizens of Webster :*

Your committee have thought best to report only one term of the past year, in order that future reports may conform with the one made to the state superintendent, which requires the school year to commence with the fall term; last fall term will be included in the next report.

Five schools of ten weeks each were maintained in town.

Pleasant street pupils were placed at Corser Hill and Bashan; and two scholars at Salisbury, and one at Warner.

The steady decrease in the number of scholars will soon render it necessary to consolidate the schools to a certain extent.

Memorial day was observed at Little Hill by raising a flag on the school-house; the children were kindly assisted in the exercises by the veterans of the town.

These services cannot fail to be of great importance in teaching the youth those grand lessons of patriotism and love of country, so essential to good citizenship.

Some of the schools made beginnings in natural science work—study of plants, birds, etc.

A school for advanced scholars, taught by Mr. Carl B. Connolly is in session at Sweatt's Mills, and will continue ten weeks or more

The large number of visitors, eighty-four, for one term, shows a commendable interest in the welfare of the schools.

In conclusion, the citizens of Webster deal generously with their children; the houses are in good repair and pleasant, and fairly well supplied with appliances for the convenience of the scholars, but your committee are of the opinion that a good dictionary is greatly needed in each school-room.

Respectfully submitted,

J. HENRY NOYES,  
HENRY DODGE,  
VIENNA DODGE,

*School Board of Webster.*
